

Vianova Core Plus Trust

ARSN 123 067 756

Announcement – 1 July 2010

This announcement should be read in conjunction with the Product Disclosure Statement dated 12 October 2009.

Amended asset allocation ranges

The Trust has amended the allowable asset allocation ranges as follows.

Asset class	New range %	Previous range %
Australian fixed interest	50 – 100	50 – 90
International fixed interest	0 - 50	10 – 50

This change has been made to allow the fund manager greater asset allocation flexibility at times when it believes Australian fixed interest assets offer greater investment opportunities than international fixed interest assets.
